THE PRECEPT

Throughout this past year, the Parish Council have been mindful of the current global pandemic and have continued work in the village and keep an open line to Clerk either via email, telephone, or SMS. We have commemorated and give our thanks to all the key workers with gestures in and around our village.

After an extensive HR exercise in the past year, two local candidates were successful in securing a part time position each, within the Parish Council as Community Improvement workers.

The Parish Council were delighted to report that the existing team has been enhanced tenfold and the continued improvements in the appearance of the village and established levels of service will be maintained and grow with each passing year.

The Parish Community Improvement operatives once again continued with their efforts at making safe the arterial paths and spaces that were most hazardous when Trafford Council do not have the resources to do so. The Parish Council will continue to add value to the established public amenity works of Trafford Council and actively maintain those existing Partington owned ones.

The Community Improvement operatives will continue to be a 'helping hand' to those most vulnerable in our community and in addition, the Parish Council will continue to work alongside the Ward Cllrs, TBC, THT & YHG under the M31 project.

Fly tipping has been a cause of concern within our village and if not quickly cleared the detritus soon grows and escalates into other areas. **95** such deposits in the last six months have been cleared which equates to **62.00** tonnes.

Fly tipped rubbish is defined as 'dumped rubbish on a site that is not licenced to accept waste. It is an offence that can lead to a fine or imprisonment.

If you see this offence being committed, please report online via the TBC portal or to the Parish Council via the website or email address.
