Received & circulated to Cllrs: 16/08/21

7.1.5 105316/HYB/21 – Power Station, 132 Manchester Road, Carrington

Hybrid application comprising: [a] full application for the creation of a green hydrogen production facility [10 MW capacity, circa 4 tonnes of hydrogen production per day], including battery storage, compresses, hydrogen storage and tanker loading facilities. [be] outline application for expanded

green hydrogen production facility within wider site [200 MW capacity, up to 50 tonnes of hydrogen storage closed bracket.

Received & circulated to Cllrs: 16/08/21

Objections Submitted: 25/08/21

7.1.5.1 Partington Parish Council want to lodge the following objections in reference to this planning application.

There has been no public consultation given to surrounding parishes/communities and the normal consultation window has not adhered to.

Where does this new site sit in the TMBC major incident plan?

What will GM Fire response time be and how many appliances would have to attend?

There has been a considerable lack of information offered to the parishioners and surrounding communities in regard to the safe transportation and storage of this fuel.

The traffic impact and pollution that will be caused by this transportation to Carrington village and surrounding parishes is unacceptable.

This new facility will have a very close proximity to the other power station on at this location, why is another facility needed?

There has been no data offered in reference to the health impacts, short and long term, to the surrounding parishes.

7.2 Updates from planning officers on queried applications.

7.2.1 Mollys Beauty Salon

7.2.2 83 Moss Lane

8 Traffic Counts & Air Quality:

8.1 IE to present the results from the above test exercises.
