

PROPOSED DEVELOPMENT AT THE OLD GREYHOUND SITE

Mary Davey has recently updated the Parish Council on the proposed development and invite their comments.

"I believe I am in the final few weeks of the planning process for the former greyhound site on Manchester Road. I hope to have a decision on the 24 2 bed apartments by mid July. As you have always been very supportive of my projects in Partington I would greatly appreciate it if you would take this opportunity to comment.

My agents have been working to continuously improve and perfect the designs and plans for the greyhound site for past 6 months. I have placed a comments form in the chemist.
