

Amey would like to introduce Cameron who is an Amey operative; as from 3rd January 2019 he will be working in the Partington area and will be based at the Parish Council office. His job role is as a street cleaning operative and he will be helping to keep Partington litter free.

Amey and the Parish Council are confident that with Cameron working in this role he will make a substantial impact in the area regarding litter and street cleaning issues.

Please say hello to Cameron and feel free to share his picture on local Partington information pages.

Thank you for all the community litter picks that have involved Amey, the Parish Council, Your Housing Group, Positive Partington, and all the other important volunteer/residents groups who have donated their valuable time in2018.
